

# Danny Did

f o u n d a t i o n

Founded by Mike and Mariann Stanton, the mission of the Danny Did Foundation is to prevent deaths caused by seizures. On behalf of Danny Stanton and our Foundation, we'd like to thank you for being a part of "Team Danny Did" at the Chicago Spring Half Marathon and 10k, sponsored by Magellan Development.

Danny has inspired us all and will continue to do so; but also know that your commitment to train and race for Danny – and for the 50 million people impacted by seizures worldwide – is an inspiration in itself. And to those who are sponsoring our runners, we sincerely thank you as well!
